

How to find journal rankings and metrics in Scopus Preview

1. In the main Scopus Preview website select **View journal rankings**.

2. Type journal title or select subject area.

- After selecting subject area or typing the journal title the following journal indicators will be provided: **CiteScore**, **Highest Percentile**, **Citations**, **Documents**, **Cited**.

The screenshot shows the Scopus Sources interface. At the top, there's a search bar and navigation links like 'Author search', 'Sources', 'Create account', and 'Sign in'. The main heading is 'Sources'. Below it, there's a 'Subject area' dropdown menu set to 'Management Of Technology And Innovation'. A 'Filter refine list' section includes 'Apply' and 'Clear filters' buttons. The 'Display options' section has several checkboxes and radio buttons for filtering results. The main content area shows '335 results' and a table of journal entries. The table has columns for 'Source title', 'CiteScore', 'Highest percentile', 'Citations 2016-19', 'Documents 2016-19', and '% Cited'. Two entries are visible: 'Technological Forecasting and Social Change' with a CiteScore of 8.7 and 'Research Policy' with a CiteScore of 10.4.

- From the results list select one journal, then in **CiteScore** section check CiteScore indicator in different years (until 2019).

The screenshot shows the detailed view of the journal 'Technological Forecasting and Social Change'. It includes metadata such as 'Formerly known as: Technological Forecasting', 'Scopus coverage years: from 1970 to Present', 'Publisher: Elsevier', and 'ISSN: 0040-1625'. The 'Subject area' is listed as 'Business, Management and Accounting: Business and International Management' and 'Psychology: Applied Psychology'. The 'Source type' is 'Journal'. On the right side, there are three boxes showing key metrics: 'CiteScore 2019' is 8.7, 'SJR 2019' is 1.815, and 'SNIP 2019' is 2.617. Below this, there are tabs for 'CiteScore', 'CiteScore rank & trend', and 'Scopus content coverage'. The 'CiteScore' tab is active, showing 'CiteScore 2019' as 8.7, calculated from 11,485 citations and 1,321 documents from 2016 to 2019. It also shows 'CiteScoreTracker 2020' as 12.0, based on 17,682 citations and 1,472 documents to date. A 'CiteScore rank 2019' section is partially visible at the bottom.

- In section **CiteScore rank and trend** user will find CiteScore metrics of the selected journal in comparison with other journals that belong to the same category.
